Databases: PostgreSQL, MySQL

Frontend: React.js, TypeScript, HTML, CSS, Vite

Game Development: Unity 3D

Backend: Node.js, Express.js, Socket.IO, MERN Stack

Machine Learning: CNN, OpenCV, Scikit-learn

Tools: Git, GitHub, Render

Experience

Product Tech Intern – Uptodd.com

Dec 2024 – Mar 2025

Paid Internship

Remote

- Contributed to live product feature development, helping improve app store rating from 4.2 to 4.9.
- Analyzed and built 500+ backlinks to improve website growth and SEO performance.
- Collaborated with engineering and product teams in an agile workflow to improve frontend-backend integration.

Projects

Dhanda – Full Multiplayer Web Game (Indian Monopoly) | React, TypeScript, Vite, PostgreSQL, Docker

- Architected **Dhanda**, a full-stack 2-4 player multiplayer Indian Monopoly game with React, TypeScript, and Vite.
- Designed a PostgreSQL schema to manage game state, sessions, and property transactions.
- Containerized the app with Docker Compose and built real-time synchronized game logic.

Chained Together 2D (Full Multiplayer) Web Game PC/Mobile | JavaScript, Node.js, Express.js, Socket.IO

- Built a real-time 2-player multiplayer platformer with 30 levels using HTML5 Canvas, JavaScript, and Socket.IO.
- Deployed a dedicated Node.js/Express server on Render to manage authoritative game state.
- Delivered low-latency, seamless cross-device gameplay for multiple simultaneous players.

AI-Powered Financial Risk Advisor | LLM, RAG, LangGraph, Python

- Designed an AI-driven platform that generates explainable financial risk scores from transaction data.
- Built a RAG pipeline and orchestrated multi-step reasoning workflows with LangGraph.
- Conducted user research and defined requirements with data science and engineering teams.

Leadership Experience

Secretary – Linux Club

2024 – Present , VIT Bhopal

- Managed club operations and coordinated multiple technical events.
- Collaborated with the core team to plan and conduct multiple technical and gaming events throughout the year.
- Organized "College Rivals," a campus esports tournament, in collaboration with Red Bull.
- Mentored junior members on Linux fundamentals and open-source contribution workflows.

Marketing Lead – Linux Club

2023 – 2024 , VIT Bhopal

- Led branding and outreach initiatives increasing participation and visibility.

Achievements & Certifications

- 3× National Finalist – Case Competitions at IIT Delhi, IIM Indore, and IIM Lucknow.
- Elite Certificate in Machine Learning – IIT Madras.
- Google IT Support Professional Certificate.
- MERN Full Stack Development Certification – Ethnus.
